BERNARD QUARITCH would draw attention to the fact that he deals not only in rare and costly books, but also in every description of works in general literature, science and the arts, and that he is at all times willing to undertake the very smallest commissions for customers.

Catalogues are issued monthly and forwarded to all customers who desire them.

BERNARD QUARITCH acts as agent to Learned Societies, Public Libraries and Institutions, both for the supply of books as well as for the sale of their publications.

THE ATHENAEUM SUBJECT INDEX TO PERIODICALS

Issued at the request of the Council of the Library Association

Vol. 1, 1915 royal 4to., art linen XVI, 352 pages. ***Now Ready***

The "Subject Index" for 1915 comprises entries of 13,374 articles, selected from 420 English, American, and Continental Periodical Publications issued between January and December, 1915. It is based upon the Alphabetical Subject Headings of the Library of Congress (under revision), modified to suit English practice and considerably extended. Annotations are introduced where the titles of articles insufficiently indicate the nature of their contents. Magazine fiction, Verse, and Essays not possessing subject matter are not included. The volume contains an Author Index and a List of Periodicals indexed.

Librarians are informed that the edition of the "Subject Index" for 1915 has been restricted to the supply of immediate requirements, and that very few copies will remain on sale after publication. Sets of the following Class Lists for 1915 can still be supplied:

DEAR SIR:—
We have been using several of your Keyless Lock Binders for several months and find them perfectly satisfactory. We have had no more trouble with the "Magazine Thief" and the old numbers look as good as "the new" when taken from the binders.
They improve the looks of the reading table, keep the magazine in better condition and are so reasonable in price that EVERY Association can afford them.
Yours sincerely,
General Secretary.
